Goods	6,820 HUF
Delivery and handling	420 HUF
Confirmed amount	7,240 HUF

Fulfilment and payment information

Keep this page with order CCA-260203-M18 when reconciling a bank posting.

Picking and substitutions

The confirmed amount is an estimate at checkout. A replacement item, weighed product or unavailable line can change the final amount collected.

Card descriptor

Online orders normally appear as CEDARCART ONLINE. The bank descriptor may contain the order number, a shortened reference, or no order number.

Matching caution

A matching date and amount can support a likely match, but those two fields alone do not prove that a bank transaction belongs to this order.

Store purchases

Transactions described as CEDARCART MARKET followed by a branch number are physical-store purchases and are not CedarCart Online order charges.

Customer support

For an unexplained difference, contact CedarCart with the order number and the posted transaction. The order confirmation does not state the cause of a later difference.

Synthetic evaluation record. All names, references and transactions are fictional.
